

TRIAL

Of T. Jenkins Hains Has Begun at Flushing

A PECULIAR POSITION

Brother Who Shot Annis to be Tried Later

All Veniremen Absent Today Were Fined \$50 Each—295 Have Been Summoned.

Flushing, L. I., Dec. 14.—The trial of T. Jenkins Hains opened today. Hains is in a peculiar position as he is placed on trial before his brother, although he was not the murderer. His brother's trial will follow. This action was taken at the suggestion of Prosecutor Darrin, on account of the nature of the defense, which is insanity.

A venire of 295 was summoned and absentees today were fined \$50. It is expected the first move will be a motion by Attorney McIntire, for the defense, asking that the indictment be dismissed on the ground that no crime was committed and that the grand jury was illegally drawn. The motion will probably be denied, and the drawing of a jury will then begin.

T. J. Hains was brought into court at noon shackled to the sheriff. The time in court this afternoon was taken up with technical argument. The choosing of a jury will probably start tomorrow.

RIVAL

Calling on Lover's Sweetheart Causes Latter to Attempt Suicide—Will Probably Die.

Pomeroy, Dec. 14.—Alaterible will probably die as the result of a bullet wound self-inflicted last night. He called at the house of his sweetheart where a rival was calling, aimed at the rival, and the girl stopped between them. Then this shot himself.

DESPONDENT

Akron, Dec. 14.—S. L. Ferris suicided by carbolic acid in the home of Joe Wilkin after leaving a note asking forgiveness for committing the act. Ferris and his wife had separated and she was living with the Wilkin family. Ferris came from Toledo to call on his wife. Later he killed himself leaving a note saying he could not live without her.

CASTRO

MAY BE TRYING TO GAIN SUP- PORT OF GERMANY IN THE HOLLAND AFFAIR.

Dutch Government Will Force Him to a "Show Down" by Tying Up Venezuelan Commerce.

The Hague, Dec. 14.—The German foreign office believes the object of Castro's visit to Europe is to try to gain the support of Germany in the action Holland is taking against him. Castro received no encouragement along this line.

Holland intends to force Castro to a "show down" by tying up Venezuelan commerce.

Castro says the seizure of the Alix by Holland is piracy. He does not know what action he will take. He is living in luxury in Berlin. Occupies thirty rooms in a hotel, and rents fifty autos for his personal use. His expenses are about \$750 a day.

OHIO RIVER IS NOW NAVIGABLE

Gallipolis, Dec. 14.—The first shipment of coal was made on the Ohio river today since July first. The river is now navigable.

PRESIDENT ELIOT OF HARVARD AND MAN WHO MAY SUCCEED HIM

Cambridge, Dec. 12.—If James J. Storrow, who, according to report, has been selected to succeed President Eliot of Harvard, has been decided by the overseers of the university, it is taken to mean that a radical change will follow in Harvard athletics. Mr. Storrow at college was

an enthusiastic athlete, and sports have no firmer supporter among the alumni than the Boston banker and lawyer, who was the captain of a varsity crew from 1879 until graduated in 1883. Mr. Storrow held the record as Harvard's strong man. President Eliot's resignation takes effect next spring.

BY FLAMES

Mr. Vernon Hotel is Totally Destroyed by Blaze at Early Hour on Sunday.

Mt. Vernon, Dec. 14.—Sliding down the porch pillars, 85 men, residents of the Vernon House in South Vernon, escaped from a horrible death in the blazing hotel at 1:45 Sunday morning. The fire which was of unknown origin, completely gutted the three story frame building and resulted in a loss of about \$12,000. The hotel, which was owned by S. D. Roberts, and managed by J. R. Smith, is a total loss and nothing is left today but the hot embers.

The fire was discovered by a B. & O. engineer, who awakened the inmates by the continuous blowing of his engine's whistle.

To the drunken condition of a man named Harvey Dunmeyer most of the residents of the hotel owe their life, for his shouts kept the other guests awake and when the fire was reported the men were able to escape in their underclothing. Olie Mock saved the life of little Hazel Smith by returning to the blazing death trap and escaping with her down a burning pillar.

Seventeen horses and a number of buggies were burned in the fire. The landlord also lost a pocketbook containing about \$300 in the ruins of the building.

M'FARLAND

Won the Six Day Bicycle Race After a Famous Whitewind Sprint Saturday Night.

New York, Dec. 11.—Floyd McFarland by his famous sprint won the great bicycle race that was held at Madison Square Garden last week and ended Saturday night. In doing so he won from Walter Rutt, the German, last year's champion, after 142 hours of ceaseless work. Forty yards from the finish he was shoulder to shoulder with Rutt; 5 yards away he was still on even terms; 20 yards from the finish he looked like a tie, but the big American was there with an extra spurt that sent him over the tape a winner. McFarland and Moran, his partner, will each receive \$1,500 prize bonuses.

He suggests that both houses hold a joint session and hear addresses and that all cities, schools and colleges hold special services. A monument to Lincoln to be erected in Washington was also proposed.

DR. G. A. DORSEY

Has Arrived Home From Trip In the Orient in Interest of Field Mu- seum in Chicago.

Granville, O., Dec. 14.—Word has been received here that Dr. G. A. Dorsey, curator of the Field museum of Chicago, who is a son of Mr. and Mrs. E. J. Dorsey of Granville, arrived in San Francisco on Friday of last week on the Pacific mail liner, Corea, with a large and valuable collection of scientific specimens which he had gathered in the Orient for the museum. Dr. Dorsey began his investigations in Egypt, where he uncovered two tombs of the fifth dynasty. He spent some time in India, and here he made a study of Hindoo culture. The curator spent a large part of his time in Australia, where he made a study of the museums of Melbourne and Sydney. He crossed the island of Bougainville, which he said had never been explored before by a white man. The island, which is of the Solomon group, is 60 miles wide and is so densely wooded that he was five days in crossing it. The doctor said the natives of the island are entirely uncivilized, wearing no clothing and sleeping in the trunks of hollow trees and in holes in the ground. Dr. Dorsey made his largest collection on the coast of New Guinea, where he gathered an extensive lot of native implements. From San Francisco he comes directly to Chicago, where he will place his collection in the Field museum.

Great Crowd is Present and Militia Are on Duty—47 Prisoners in Hands of Law.

Union City, Tenn., Dec. 14.—The trial of the night riders accused of the murder of Captain Rankin opened today. A contest is expected over the choosing of the jury. Owing to strained conditions in the vicinity, Judge Jones wishes the names of 300 veniremen to be summoned. This will be contested by the defense, insisting that it be drawn in the regular way. Great crowds are attracted by the trial which covers 134 indictments, and places 47 prisoners in the hands of the law. Militia is on duty.

He made a speech setting forth the claims of the soldiers and further advancing their cause.

CRUISER

Of Dutch Captured Venezuelan Ship

TOWED IT INTO PORT

Seizure in Accordance With Plans of Holland Government

Is Not Considered an Unfriendly Act But Merely Reprisal Against Castro's Government.

Willemstad Island of Curacao, Dec. 14.—The Dutch cruiser Gelderland came into this port Sunday morning towing the Venezuelan coast guardship Alix, with the Dutch flag flying and a Dutch crew on board. The Gelderland captured the Alix off Puerto Cabello on Saturday. At that time the Alix was lying close in shore and knowing the threat the Venezuelan government had made to fire up on any of the Dutch warships committing a hostile act, the Gelderland steamed at speed towards the guardship and sent an officer and guard in a launch to seize her. This they did without resistance and no shots came from the forts on land.

The crew of the Alix was put ashore and the Dutch officers and marines remained on board, the Gelderland finally taking the Alix in tow and steaming away with her prize.

The seizure of the Alix was in accordance with the plans of the Holland government, and instructions were issued to the three Dutch warships now in these waters to make a demonstration off the coast of Venezuela and to capture any Venezuelan ships of war or guard vessels that they might find.

The governor of Curacao in explaining the incident, had this to say:

"The capture by our warships of coast guard and war vessels is not to be considered an unfriendly act against the Venezuelans. It is merely a reprisal against Castro's government, which refuses to give satisfaction for his unfriendly acts toward Holland. The seizure of these vessels will make it impossible for the Venezuelan government to carry troops or ammunition to and from the various ports."

"A communication to this effect has been forwarded by the Dutch government to the German minister at Caracas."

It has been learned from the officers of the Gelderland that the battleship Jacob Van Heemskerck and the cruiser Friesland are now off La Guaira and that further captures may be expected at any time.

The situation between Venezuela and the Netherlands has been strained for some months. The trouble arose indirectly from the expulsion from Caracas of M. De Reus, the diplomatic representative of Holland, but it had already been rendered acute by the course of Venezuela in issuing a decree on May 14 last that practically killed the commerce of Curacao.

President Castro refused to withdraw this decree, knowing the fact that Holland issued an ultimatum that she would take retaliatory measures unless he took prompt cognizance of her demands. Castro suggested that Holland send a representative to Caracas to confer with him on this subject, but this the Netherlands government declined to do. Without waiting, however, to ascertain whether or not this suggestion would be adopted, Castro sailed for Europe.

Other incidents that have added to the feeling have been the stoppage of Dutch sailing vessels at sea by the authorities of Venezuela and the storming of Venezuelan consulate at Willemstad by a mob.

Venezuela has made preparations to resist any act of hostility. The forts at La Guaira, Puerto Cabello and Maracaibo have been reinforced with men and munitions, but until Saturday no untoward act occurred which would give Venezuela opportunity to answer force with force.

WILL BURN HIM ALIVE.

Jamestown, Ky., Dec. 14.—Elior Hill, accused of assault and murder of Marnie Womak, aged 13, is guarded here in jail. The mob attacked the jail yesterday, but officers escaped with the prisoner. The mob says it will burn him alive if captured.

OHIO AND THE ROSE OPTION LAW.

This map is an up to date picture of Ohio. During the past week, three counties joined the "dry" column—Licking, Hardin and Monroe, while one county, Allen, voted wet by a majority of 66 votes. The contest on the election in Perry county has been decided in favor of the prohibition element.

Not results thus far under local option: Five counties dry under the Beal law, 62 counties voted under the law, 53 voting dry and nine

voting wet. Total dry counties, 58; wet nine. Twenty-one counties have not yet voted. Saloons voted out in 58 counties, 1,798; saloons remaining in wet counties and the 21 that have not voted, 7,162, so that in one-third of the counties of the state there remain practically four times as many saloons as are voted out in two-thirds of the counties in Ohio.

Perry county votes Monday, December 14, and Washington county Friday, December 18.

NEWARK FEDERAL BUILDING PLANS WILL BE TAKEN UP WITHIN NEXT SIXTY DAYS

Mr. Ashbrook Receives Letter from Supervising Architect--Work on New Postoffice Build- ing to Commence in the Early Spring-- Ground Paid For.

Congressman Wm. A. Ashbrook

called upon Supervising Architect J.

A. Taylor Saturday in reference to

plans for the Newark postoffice build-

ing which will be erected on the Ho-

tel Sherwood site. Mr. Ashbrook was

assured that the Newark building will

be reached by the architects within

60 days and in all probability the

work of construction will begin in the

early spring. There is no doubt about

the building going through without

any sort of a delay. The government

has paid for the site and is going to

erect the federal building.

Mr. Ashbrook has forwarded the fol-

lowing letter which was written to

him by the supervising architect:

"Referring to your personal call at

this office today, relative to the

plans for the new federal building

which it is proposed to erect at New-

ark, Ohio, I regret to advise you that

nothing has yet been done toward the

preparation of the plans for this

building.

"In this connection, it may be of in-

terest to you to know that in taking

up the drawings for the buildings

provided for under the Act of June

30th, 1906, extensions to buildings al-

ready constructed received first atten-

tion, the agencies of the case de-

manding that they be expedited as

much as possible.

"After this has been accomplished,

the working drawings for the build-

ings provided for under the above

mentioned Act were taken up in the

order in which the sites were vested

until recently taken up almost the en-

tire time of the draughting force.

"The procedure of taking up draw-

ings in the order in which the sites

were formally vested under the con-

trol of the Government has again

been resumed, and it is expected that

the sketch for Newark can be taken

up within the next sixty days. Upon

their completion they will be for-

warded to the Cabinet Board for

formal approval, as required by law,

and after being returned approved the

working drawings will be pushed to

completion.

"I wish to assure you that your in-

terest and that of the citizens of New-

ark in this matter is appreciated, and

that it will be the aim of the office

to expedite the work so that the

building can be completed at the ear-

liest date possible.

"Respectfully,

"J. K. TAYLOR,

"Supervising Architect."

BOMB

Used in Attempt to Wreck Chicago Coliseum

REFORMERS ACCUSED

Hundreds of Windows Shattered by Force of Explosion

Many Men at Work in the Build- ing When Bomb Was Discharged Have Narrow Escape.

Chicago, Dec. 14.—An attempt to wreck the Coliseum, the building in which the First Ward Democratic club is to hold its annual ball tonight, was made last evening by a dynamiter, who exploded a bomb at the southeast end of the annex.

Two men who were sleeping in a ramshackle structure adjoining the annex, which was used as a junk shop, are supposed to have been killed. The police and firemen are searching in the debris for the bodies.

Hundreds of windows in buildings on Michigan and Wabash avenue were shattered by the force of the explosion.

The damage wrought was far greater than that which attended any former local bomb explosion, of which the latest one is the twenty-seventh of the series.

As was the case in all former explosions the police are at sea regarding the identity of the dynamiter.

Inspector Wheeler of the Harrison street station, was soon at the scene, and, after viewing the havoc, significantly remarked: "They can't say that this was a gambler's bomb."

The inspector would not commit himself as to who he thought was responsible for the bomb-throwing, but he said there was no doubt that it was aimed at the First Ward ball.

"You can draw your own conclusions," he said, "as to who might have had a hand in the work. Reformers of a certain type have turned heaven and earth in their efforts to prevent the ball being held."

"I don't suppose that any one connected with any reputable reform organization had anything to do with the bomb, but it looks to me as if somebody who was in sympathy with the reformers might have touched it off."

The explosion occurred at 8:20 o'clock. W. A. Johnson, night custodian of the Coliseum, and a force of 30 men were at work in the big structure at the time getting things in shape for tonight's revel of the demimonde.

The International Dairy Show closed its exhibition last Saturday night, and the workmen were clearing away the debris, when the collision threw several to the floor, although they were 100 feet distant from the spot where the bomb was exploded.

A minute or two before the explosion two colored men who live at 1515 Wabash avenue, which is indirectly in front of the junk shop, saw two white men come out of the passageway that leads to the rear. They walked rapidly toward Sixteenth street and before reaching the corner the bomb exploded.

The Oregon apartment building, 1522 Michigan avenue, the rear of which is only a few feet from the junk shop, was rocked by the concussion. There are 28 flats in the building and the windows in more than half were broken. Many of the tenants fled from their apartments, thinking it was a boiler explosion in the basement.

The shower of glass that rattled down from the buildings into the alley caused the occupants of 1502 Michigan avenue to 1524 to flee into the streets.

CALLED HOME AFTER WEEKS OF SUFFERING

Mrs. Louis F. Carl Passes Away
Early Sunday Morning From
Burns Received Sept. 23.

After a heroic struggle for life, lasting for 11 long weeks, during which time her stolid faith and hope of recovery was always in evidence, Mrs. Fannie M. Carl, who was frightfully burned at her home, 115 West Church street, on September 23, succumbed to the inevitable fate of mankind Sunday morning about 1 o'clock. Death came at her home in the presence of her family, who are extended the sympathy of the entire city in mourning the death of a noble woman.

Realizing at last, about a week ago, when her condition grew markedly worse, that she could not live for long, Mrs. Carl's request that she be taken home to die was granted, and with all care possible she was removed to the Carl home on West Church street last Wednesday. For a time she rallied and gave a faint hope that she might be restored to her health and happiness, but she soon became weaker and the members of the family then endeavored to reconcile themselves to what was to come. Saturday evening it was known that her death was but a matter of a few hours, and early Sunday morning the soul peacefully passed to its Maker.

The details of the frightful accident which brought about the death of Mrs. Carl are still fresh in the memory of Newark people.

On the 23d of last September she was engaged in burning leaves at her home when her dress accidentally caught fire and before proper aid could reach her, it was found that she had been seriously burned. She was hurriedly taken to the Newark Sanitarium, where at first it was declared that her chances of recovery were very few. However, she was given the best of care and treatment, and within the period of a week or ten days was pronounced on the road to recovery. In this way she lingered throughout the 11 weeks, bearing her suffering with courage so remarkable that it attracted widespread attention. At last the ravages of poisoning from her injuries began to tell on her condition and she continued to grow weaker until the time of her death.

The fortitude with which she bore her suffering, was characteristic of the temperament of the woman, and added many admirers to the host of Newark citizens who had the pleasure of her acquaintance and friendship. Words cannot fittingly describe Mrs. Carl's character. In times of need her friendship was never to be found wanting, while at all times her peaceable, loving disposition and the beauty of her home life was a source of pleasant comment among those who knew her.

Mrs. Carl had two teeth extracted a few weeks ago which added to her suffering. The extraction was a necessity, and Dr. A. W. Beard, who was called, declared it one of the most painful duties he was ever called upon to perform, as the patient was too weak to be given an anesthetic, and was compelled to bear the pain.

Mrs. Carl lived in Newark practically all of her life. Mr. and Mrs. Eli Hull gave her the love and tender care of a daughter. She was 43 years of age, having lived in Newark since she was five years old. She was united in marriage to Louis F. Carl, manager of the Newark Natural Gas and Fuel company, December 19, 1888. They have one little daughter, Mary Elizabeth, who will be 11 years old in April. Besides the husband and daughter and the parents, there remains one sister, Mrs. W. W. Wehrle, and one brother, Joshua Hull.

The funeral service will be conducted at the house on West Church street, at 1 o'clock Tuesday afternoon. The Rev. L. C. Sparks will officiate at the service, being assisted by the Rev. T. A. Cosgrove, and interment will take place at Cedar Hill cemetery.

In the death of Mrs. Carl, the citizens of Newark join in mourning the passing of a noble soul, and appreciate the deep sorrow which rests on the family in this bereavement.

HOME DESTROYED

Wm. McElwain Residence on Clarendon Street, Together With Contents, Burned to Ground.

An alarm of fire sent by telephone Sunday night, about 10:45 o'clock, called the Central and East End companies to the house occupied by the family of William McElwain, at 338 Clarendon street in the East End. All the members of the family had retired with the exception of Mrs. McElwain. She was searching for an article in a clothes closet when the lamp chimney fell off, and in attempting to catch it, she dropped the lamp. In an instant, almost, the closet was a mass of flames, and Mrs. McElwain barely had time to escape and notify

the other members of the family. The building and its contents, which is situated in a narrow alley, were completely destroyed. The fire spread from the clothes closet, and burned to the ground, with the exception of the front porch. The firemen were unable to reach the house by reason of the fact that the narrow alley was not clear of burning material. It is estimated that the loss will be in the neighborhood of \$300 on the

CLAUDE MEEKER.
An item has been going the rounds
of the state press to the effect that
Mr. Claude Meeker was slated for the
position of private secretary to Gov-
ernor Harmon. It is entirely with-
out foundation. Mr. Meeker was never
an applicant for the place and im-
mediately after his name was men-
tioned in connection with the private
secretaryship, he wrote Governor-elect
Harmon stating that he did not wish
to be considered for the place. Mr.
Meeker could not afford to accept the
position on account of his largely in-
creasing business.
He made an ideal private secretary
to Governor James E. Campbell, be-
ing a diplomat and possessed of all
the other qualities required for the
position.

Leg was Amputated.
It was found necessary Saturday
to amputate the left leg of Walter
Ford, the Columbus bricklayer who
was injured last week by a falling I-
beam at the new Arcade building.
The operation was performed by Dr.
B. F. Barnes of this city and Dr.
Dowd of Columbus. Ford is getting
along nicely since the operation, and
his early recovery is now anticipated.
Porter, the colored man who was also
injured, is fast recovering.

Fractures Jaws.
Samuel Johnson, living on Pearl
street, dodged a falling plank in the
excavation for the new Hudson ave-
nue sewer Sunday afternoon, struck
his head against the planks which
braced the wall of the excavation, dis-
locating his jaw bone, fracturing it in
two places. Johnson's accident loos-
ened a plate of false teeth which
came near choking him before he
could dislodge them. Dr. P. H. Cos-
ner took him in his auto to his office
on West Main street, where the in-
jury was dressed, and he was later re-
moved to his home. Johnson was em-
ployed on the sewer contract by Ed.
Brown, a labor contractor. His jaw
had been broken in an accident some
time ago.

DON'T BE BALD
Nearly Anyone May Secure a Splendid
Growth of Hair.

You can easily find out for your-
self if your hair needs nourishment.
If it is thinning out, getting dry,
harsh and brittle, or splitting at the
end. You simply have to pull a hair
from the top of your head and close-
ly examine its root. If the bulb is
plump and rosy, it is all right—if it
is white and shrunken, your hair is
diseased and needs nourishment.

We have a remedy for hair trou-
bles that cannot be surpassed. It
has a record of growing hair and cur-
ing baldness in 93 out of every 100
cases where used according to direc-
tions for a reasonable length of time.
It will even grow hair on bald heads,
if the scalp is not glazed and shiny.
That may seem like a strong state-
ment—it is, and we mean it to be,
and no one should doubt it until they
put our claims to an actual test.
We are so sure that Rexall "93"
Hair Tonic will cure dandruff, pre-
vent baldness, stimulate the scalp and
hair roots, that we personally give
our positive guarantee to refund ev-
ery penny paid us for Rexall "93"
Hair Tonic in every instance where it
does do as we claim or fails to give
entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleas-
ant to use as clear spring water. It
is delightfully perfumed and does not
grease or gum the hair. We have it
in two sizes. Prices 50c. and \$1.00.
We urge you to try Rexall "93" Hair
Tonic on our recommendation, and
with our guarantee back of it, you
certainly take no risk. Hall's drug
store, 10 N. Side Square.

POLICE COURT

An excited woman at the other end
of the telephone informed the police
department at 11:30 o'clock Sunday
morning that a man was on the ram-
page at a house on Walnut street, and
Officers Moore and Shaw were sent in
answer to the call. Upon their ar-
rival they found Ernest Cooper, look-
ing as though he had been drawn
through a sausage machine, trying to
assume a defensive position in one
corner of a room. According to the
testimony of the inmates, Cooper had
"gone bad" on this head and was
trying to assault every one of the wo-
men. Assistance from the outside in
response to their calls was all that
saved the girls from being "cleaned".
Cooper was arrested and taken to the
city prison, where his story and his
appearance caused Captain Bell
and Officer Moore, Donley and Shaw
to visit the house again and arrest
Jessie Hill, the landlady and Pearl
Griffith, an inmate. The warrants
were served and the cases will be
heard tonight at 7 o'clock by Mayor
Atherton.

Dave Stiffin, said to be an ex-con-
vict, was arrested this morning by
Officers Callan and Carroll, charged
with a degenerate act upon the per-
son of a 12-year-old boy, residing in
the North End. He was given his
hearing before Mayor Atherton this
morning and was bound over to the
court of common pleas under \$500
bond, which he was unable to fur-
nish and was taken to the county
jail.

Itching, bleeding, protruding or blind
piles yield to Doan's Ointment. Chronic
cases soon relieved, finally cured. Druggists
all sell it.

MRS. W. T. BURNS

National Correspondent of W. R. C.
Suffered From Nervousness and a
General Breakdown—Caused by a
Cold.

RESTORED TO HEALTH BY VINOL.
"I caught a severe cold which it
seemed impossible to get rid of. I
became much run down, lost my ap-
petite and flesh and felt nervous and
irritable. Vinol was recommended,
and certainly worked wonders for
me: it increased my appetite and
cured my cough and nervousness. I
consider Vinol a wonderful remedy."
Mrs. W. T. Burns, Memphis, Tenn.
Many people are in just her condi-
tion—all run down, hardly able to
drag about, don't know what ails
them. This is probably caused by a
cold or cough which is hard to cure,
overwork or too close confinement to
business, and such people need Vinol.
Vinol is not a patent medicine, but
contains the medicinal curative ele-
ments found in fresh cod's livers,
with all the oil eliminated and tonic
iron added.

We ask every run down, nervous,
debilitated, aged or weak person in
this place, and every person suffering
from stubborn colds, hanging on
coughs or bronchitis, to try Vinol on
our offer to return money if it fails
to give satisfaction. Frank D. Hall,
Newark.

WOMEN JOURNALISTS.

Newspaper to Advocate Their Rights
a Hundred Years Ago.

One hundred years ago women first
started a newspaper to advocate their
rights. In 1808 it was known that Na-
poleon was determined to divorce Jo-
sephine, his partner of fourteen years,
because she had given him no heir. A
reason of state like this carried no
weight in the female world, and out-
side the circle of courtiers all sympa-
thy was with the wife, especially when
Eugene de Beauharnais, Josephine's
son by her first marriage, declared
himself in the senate on the side of his
stepfather and against his own mother
on the question of divorce.

From the feeling thus stirred up
there arose a great feminine move-
ment. Seeing that popular opinion fa-
vored the helpless wife as against the
all powerful husband, a group of young
women philosophers thought the time
had come for an effort for the social
progress of their sex.

Their first step was to create an or-
gan for feminist defense, and so the
Athenae des Dames was born in Paris
and at first flourished vigorously. The
programme of these suffragists of a
hundred years ago was given in a
manifesto before the first number ap-
peared.

"Must it be," it was asked, "as it has
been so long, that women should be
called nothing but the flowers of the
human race, the charm of terrestrial
eyes? Must they be flattered solely for
their physical charms so as to limit
their empire to their fair youth, which,
alas, passes so soon? And yet, true
companions to man, they aid him to
cross the stormy sea of life. Can it be
said that women are classed among
the domestic animal pets, whose pret-
ty little acts, the fruit of a happy ani-
mal instinct, are so captivating?"

The Athenae des Dames put in its
protest against the common opinion
that man is superior to woman. "If
women had not been for centuries
brought up in profound ignorance and
had not been persuaded by force of
hearing me say that they were cre-
ated to obey they would have long
ago refuted this paradox," it declared.

"The task of our journal will be to
make known all those virtues and all
those talents which the modesty of
women makes them shut up in their
own bosoms and which have no wit-
nesses outside their families and the
little circle of friends of each one.

"We shall make known to the pub-
lic the writings of many of us who,
not altogether occupied with house-
hold servitude, can rival in genius the
male poets. The celebrated woman of
the day will have her portrait and her
biography inserted in the week's num-
ber in which she is described."
This movement, which might have
cleared the way for the votes for wo-
man agitation of today, had its days
shortened by an accident. It happen-
ed that shortly after the Athenae had
begun to spread the light a woman, a
wig-maker by profession, named Bou-
hourt, aged twenty-two, was convicted
of having murdered three people in
order to rob them.

Thickset and well built, this young
woman was noted for her habit of
wearing man's clothes, and it was in
man's clothes that she mounted the
scaffold. The satirists and caricatur-
ists seized on this circumstance and
made the woman-man a kind of scare-
crow to intimidate women from fol-
lowing in the ways of the Athenae,
and the writers for this journal of
emancipation, getting tired of being
nicknamed Bouhourt, gave up con-
tributing, and no one was found bold
or persevering enough to take their
place.

HOUSEWIFE SUGGESTIONS.
Salt and soda will clean tarnished
brass and will sometimes clean tar-
nished silver.

When whitewashing mix lime with
skim milk and it will not crumble off.
If you wish it colored add any paint
powder.

In choosing a chicken it should be
plump on the breast, fat on the back
and have white legs. An old chicken is
distinguished by its rough legs, and
long hairs are found on the breast.

Flower vases often overbalance
when in use, for the flowers put into
them are likely to make them top
heavy. This defect is easily remedied
by putting bits of lead, shot or pebbles
at the bottom of the vases.
In separating the whites from the
 yolks of eggs one often will break the
yolk into the whites. In such case dip
a clean cloth into warm water and
wring dry. Touch the yolk with the
cloth and it will cling to the cloth.
To prevent shoe laces coming undone
tie the laces in the usual manner, but
before tightening the bow pass its
right hand loop through the knot in the
center. Then draw the bow tight, and
it will stay tied until you pull the
string to undo it.

If a lamp is kept full of oil and per-
fectly clean in all its parts it will never
be disagreeable. It is the oil slowly
frying on the heated metal which
makes the persistent noxious odor, or
it is the wick turned too high which
emits the occasional choking smell.

To prevent matting from becoming
yellow on the floor wash off occasion-
ally with a large coarse cloth which
has been dipped in a strong solution of
salt water. This will not only prevent
it from becoming yellow, but will give
the various colors a fresh and new
look.

Table linen which has been stained
with egg should never be placed in
boiling water, as this has the effect of
"setting" the stain and making it al-
most permanent. The best method is
to soak the cloth in cold water, which
will make it perfectly easy to remove
the stain before sending it to the wash.

Hog Cholera Report Got Into Joke
Column of a City Paper by
Error.

I have noticed in the papers that you have sent to me that you are agents for persons that has the faculty to write for the public press. As I have did writing of one kind or another ever since I graduated at High School, I feel that my experience has fitted me for entering into a higher sphere of letters. And as I read in your advertisements that there is munny in writing articles for your advertisers on various subjects, I make this communication longer to you than I would if I was writing an ordinary business letter so that you can get a line on the style that I think is strictly peculiar to me and me alone.

Do you know that when I get to writing, my mind thinks so fast that I can't get all the thoughts that I think down on paper, so no doubt a grate many good thoughts is lost to the world. Of course some of the things that I had thought sometimes bob up again in my mind, and when they do, you bet I hustle up and get them down on paper where they won't get away again.

I reely feel sure that there is folks that can beat me writing on some subjects, but I pride myself on my volatility and can therefore handle most anything in the writing line.

I done lots of writing for the papers around here for a year or so back; you see I send them the news every Saturday of what has been going on in our part of the county, and I must be a good writer for so far I have never had any of my manuscripts rejected yet, so far, but while the editor generally uses my ideas, he changes by a joggles around so in the spelling and composition that when they appear I hardly recognize the productions of my own mind.

I feel shure that if they wood put the articles in the paper just as I rite them the peaces wood read much better and have the intended affect. These here things wood make any man of letters soar, so I am writing hoping you can put me in a position where my talents will be appreciated. Notter thing that makes me look to you for wider fields is—here I bin writing for the newspapers round here on all subjects and bin paid for it too, sometimes, when long comes a local-option lection in Muskingum county where Zanesville is at, and I see my chance to make some munny out of the lection, and wrote several peaces on the burning question; I wrote red-hot 'dry' articles, and expected to get good pay for them as usual, but dogon me, if they didn't publish them with advertisement marked under, and send me a bill for fifteen dollars. Nothing fare about that is there?

We, hear in the country, is noted for our fareness. When our county local option lection come along, all of us farmers and otherwise knowing that newark wood vote 'wet' but we couldn't tell how many, went to the polls and voted 'dry' Just to kind of even things up, and we done it. We live near the county line and for years, to be fare always, we have took our marketing to Newark and done our shopping in Zanesville. I know, as well as you do, that none of these things interest you, but I am just riting along to show you my abilities for describing things just as they are.

My mind runs in serious grooves, and I know that I appear best when handling weighty subjects for the press, but not long ago I sent to a Pittsburg paper a report of a meeting us farmers had at the school-house down hear. The meeting was about using Anti-Toxin for curing hog cholera. The lecturer who was from the university at Columbus give a mighty fine discourse and among the things he said was: "Take this serum and inject it into the healthy hogs at home. I can do nothing for the other hogs at present." That's the way I wrote. I'm shure, but I didn't have a copy of the peace, but when it come out in the paper it made me say, that the man said: "I can do nothing for the other hogs present" and I be dog on if it didn't appear in the funny column, and the fool editor wrote me to send some more of them kind along. What's the use of writing for such careless papers. Our farmers round near never read no jokes, for if they did I woodn't be writing this at our house in the country.

Now from reading the above, you can readdy see that I ought to get into other realms of literature, but I dent care what it is crows it pays.

There are many jobs hear like they used to be, and as I said I want to be fare, so I will not take any job that is offered in Newark or Zanesville now, but pretty soon there will be work for all.

Just now round hear, most every body is busy going up clubs to by a new suit and be a try in for medical purposes. They can get it cheap now in Newark and Zanesville and every

body ought to have plenty of this goods at home where it will do no harm no moar.

What do you think of my chance for getting work a writing advertisement? I just finished anseing a advertisement. The man wanted a ad written for him that 'wood be brief and to the point, and he said he wood pay good for what suited the case, so I submitted this hear one.

"An old established distillery, which for years has been noted for the supreme excellence of its products, has recently made a radical change in its method of placing its Old Whiskies and Fine Brandies to the trade.

We now sell direct to the consumer, thereby cutting out the middleman and heretofore, excessive profits.

The work is easy and remunerative, and agents in dry territory make large wages. Once that you get our whisky in a home, it always brings a repeated order.

Prospective agents will do well to write us promptly."

I am shure that the above is to the point and wat it will be accepted, that I sent along a bill for 15.00. I always play tare, and all I want out of this, is to get back the 15.00 I lost writing for the 'drys' round hear.

Now please show this letter to some of your big advertisers, for I think the general style is what they have been looking for, but bear in mind, at any and all subjects except the humorous, I am at home. Yours truly,
R. F. D. LYNN C. DOYLE.

XMAS SHOPPERS CROWDED STREETS LAST SATURDAY

Were Out in Force and Many Purchases Were Made—Had Early Selections.

Cold and bracing, the weather Saturday was ideal for the Christmas shopper, and all day long and until late at night the streets were thronged with the men and women, boys and girls purchasing their Christmas presents, for everyone has discovered by this time that it pays to shop early. More goods were sold Saturday than at any time since the holiday goods were placed on sale in the Newark stores.

The list of presents this year is larger than ever before and the displays proved very attractive to the shoppers. There are but nine more shopping days before the arrival of Christmas and the early visitors at the stores are getting the choice of the goods offered by the merchants.

The toys for children this season are more numerous than ever and the hearts of many "kids" will be gladdened Christmas morning for the sake of toys is very large. Mechanical toys for the boys of few years seem to be in great demand, while for the older ones athletic goods are very popular. The girls have been well taken care of and dolls of many kinds are shown as well as all the necessary beds, dishes and chair that go with a doll's outfit for housekeeping.

Probably never before have the window displays been as elaborate as they are this year, and the rivalry existing between the window dressers has resulted in the displays being costly and decidedly attractive. Many of the windows are being changed almost daily and frequent trips through the stores show a new and ever increasing stock of goods being shown. There is just one thing to remember though, there are but nine more shopping days.

There are people who are too pleasant and too courteous to be really good.

The prevalence of "easy terms" bargains proves the platitude of easy marks going up and down the land.

Each mother thinks she has the dearest baby in the world, and, as a matter of fact, none is cheap.

The fires of resentment are only too apt to be the precursors of the ashes of repentance.

Some people give you a good handshake, and others forget to add the hand.

It is generally best to keep on good terms with yourself, even if you have to fall out with people you don't like to do it.

The girl who spends her time making angel cake and potato salad instead of castles in Spain will do better execution in after years.

It is hard to catch the drift of some people, and when you are successful it is so heavy and waterlogged that it is of not much account.

There are people who are too pleasant and too courteous to be really good.

The prevalence of "easy terms" bargains proves the platitude of easy marks going up and down the land.

Each mother thinks she has the dearest baby in the world, and, as a matter of fact, none is cheap.

MINNESOTA GOVERNOR TO SPEAK IN NEWARK TUESDAY OF NEXT WEEK

GOVERNOR JOHNSON OF MINNESOTA.

For the first time the people of this city are to have an opportunity of hearing that distinguished man who has three times been elected governor of the state of Minnesota, Hon. John A. Johnson.

Governor Johnson comes to Newark on Tuesday night December 22. He will speak on "The Majesty of the Law," at the new High School auditorium under the auspices of the Newark High School lecture and entertainment committee at 8 o'clock that night.

Governor Johnson, as everybody knows, is one of the big men of the nation. His reputation is national. He is a Twentieth Century man, a man of strong personality and possesses rare talent as a speaker. He is one of the leaders of the Democratic party and great interest has been aroused among the prominent men of both of the leading political parties over the announcement of his coming to Newark.

Every available seat in the High School Auditorium should be occupied on the night of the 22 inst. It is not often that a man of this caliber and reputation appears upon the local lecture platform and Newark should give, and will doubtless give, Governor Johnson the cordial reception he deserves on Tuesday night of next week.

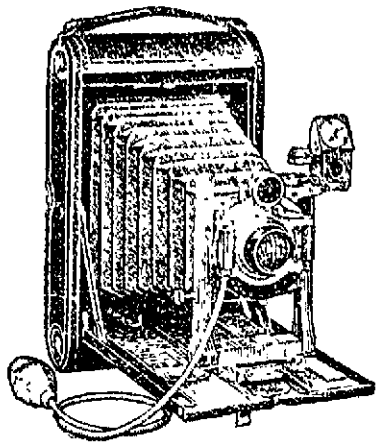

REMEMBER PUBLIC LIBRARY

To the People of Newark:

Although your public library has only been open for three or four months, it has certainly proved itself worthy of your confidence and support. Of 1,500 or more volumes which have been purchased or donated about 1200 at this writing are out; so

you can easily see that we need more books to supply the increasing calls and demands that are made on us from day to day. We have a goodly number of periodicals on our table but more would be heartily welcomed—particularly your subscriptions for the Scientific American, the World of Today, and the World's Work. Wherefore we hope that in making up your "Christmas Gifts" you will generously remember the wants of the Library which has been established in your midst, and make it the object of your largest and most liberal generosity.

SIGNERS OF OPTION PETITION

Please find space in your valuable columns for a few thoughts along the line of "Signers of the Local Option Petition," as printed in the American Tribune of December 12th, 1908, column five and page eight, in which it is proposed by the defeated liquor element to publish in the American Tribune and in pamphlet form the names of the signers of the petition asking for the local option election of December 7, 1908. Now I, for one, who signed the petition and carried to others to sign, am willing that my name should head the list if this is for the purpose of boycotting or intimidating the supporters and voters on the dry side. We expect to organize a law and order league in the very near future, and when perfected we will then kindly inquire who were the business men and laborers who (bartenders and saloon keepers not included) who voted and supported otherwise the liquor element, so when we want to hire a reliable sober man to work for us, or when we go shopping we may know where to steer our ships so as not to come in contact with someone who has placed a boycott on our heads. Now, Mr. Wet, people who voted dry are not your enemies as you suppose, but are your friends and are willing to patronize you liberally in any legitimate business you may launch into. We are going to spend that eight hundred thousand dollars with some one in or around NEWARK, and we feel it our duty as a CHRISTIAN PEOPLE to help the unfortunate men who were enticed in the liquor traffic, that want to engage in any clean business. Furthermore, as we are in the majority here, and of an agricultural and mechanical nature, we are naturally the producers of the greatest amount of the wealth of the country, and it is the right of the majority to require re-venge, the men who are in legitimate business who supported or voted wet, we point the hot headed element, and men who never worked a day or earned a dollar outside of a slumish city, such as are writing on mirrors, and have them into an attempt to put on the dry voters by publishing their names in pamphlet or otherwise. We cannot expect anything less of them than the withdrawal of their patronage, so be careful how you do this. That is, it may not be with the object of pleasure, but you would do it for your pamphlet to see if you can get a man who has just come in to purchase a bill of cattle or a pair of shoes, a hat, a bill of groceries, a bill of meat, or anything else necessary to the comforts of ourselves and families, had voted dry. Now to make a long story short, my opinion is the sooner this sore feeling is forgotten the sooner business will revive and all will profit thereby, and prosperity will reign supreme.

Now the reason I have been prompted to write this article is the attempted to intimidate the SIGNERS of the petition for local option is this. I was accosted on the street the other day by one of the aforesaid gentlemen, and asked if I had signed that petition. And now in conclusion beg to close with good will to all and malice toward none, and now may the richest of God's blessings rest upon us all, always.

Very respectfully,
(adv) HUGH B. DEBORD.

How Should He?
"I notice you are keeping company with Miss Itchdad."
"I have met the lady."
"Fine family."
"Yes; they are rather nice people."
"Regular bluestockings, aren't they?"
"Really, I couldn't say," said the young man, blushing deeply.

AN ITCHING PALM

No Cure for It—Other Forms of Itching Preferable.

There is no cure for an itching palm—the money kind. Even poslam, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, poslam will stop the itching at once and cure the worst cases in a few days. So with hives, rash, scabies, split toes, piles, and scaly scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet, poslam comes in two-dollar, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Frank D. Hall makes a specialty of it.

That results are immediate will be amply demonstrated overnight in the use of the experimental samples which the Emergency Laboratories, 32 West Twenty-fifth Street, New York City, will send free by mail, in public wrapper, to any one who will write for it.

At Christmas Time

And at all other times as well, discriminating folks desire spotless linen—linen that has been laundered to the Queen's taste in a laundry that has the most expert work people; the finest and most approved machinery; where pure soft water and pure supplies are used; where every detail is watched through experienced eyes, and spares no expense nor effort to maintain the highest possible standard—

And that is why our work is pleasing those who send us their work and give us a chance to show them what high-class laundry work is like.

CURFEW REGULATION.

Probate Court, Licking County, Ohio, ss. Juvenile Department. Newark, Ohio, December 9, 1908.

By virtue of the authority vested in me, as Judge of the Juvenile Department of the Probate Court of Licking County, Ohio, by an act of the Ohio Legislature, passed April 23, 1908, and recorded in Vol. 99, pages 192, et seq., Laws of Ohio, I do hereby establish and proclaim a curfew regulation for the City of Newark, Ohio.

Beginning Monday, December 14, 1908, at 8 o'clock P. M., it shall be unlawful for any children within the jurisdiction of this Court, to-wit: Children under the age of 17 years, to be or remain upon the streets, alleys or public places of said city of Newark, Ohio,—unless accompanied by parent or guardian, or proper adult person; or unless said child is engaged in some lawful employment, making it necessary for it to be upon the street at that hour; or is going to or from some place of religious worship, or proper place of amusement, properly accompanied—after the hour of 9 o'clock, P. M., of any day from March 1st to September 31st, and after the hour of 8 o'clock, P. M., on any day from the 1st day of October to the last day of February of each year.

The curfew whistle will blow each night a quarter of an hour before the retiring whistle; and the retiring whistle will blow at 9 o'clock, P. M., and at 8 o'clock, P. M., each night, during the seasons above designated, as a signal for said children to vacate said streets and go home. Any member of the Newark City Police Force and any Probation Officer of this Court is hereby authorized and instructed to arrest any child violating this ordinance; take said child to its home and bring said child, with its parents, to the Juvenile Court, the morning following the arrest, at 9 o'clock, to answer, with its parents, for such violation of said curfew regulation.

I earnestly request every parent and child and all good citizens, to aid me, as far as possible, in carrying out this curfew regulation.

In testimony whereof, I have hereunto set my hand and affixed the seal of this Court, at Newark, Ohio, this 9th day of December, 1908.

E. M. P. BRISTER,

Probate Judge and Judge of Juvenile Court.

AMUSEMENTS

THE NUMBER ONE COMPANY. Askin-Singer Co., Executive Offices, Grand Opera House Building, Chicago, Ill.

Mr. Will D. Harris, Mgr. Buckeye Lake Park—Dear Sir: Replying to your letter of the 23d enclosed you contracts for "The Time, The Place and The Girl," for Newark, O., Dec. 16. Please sign and return.

You get the number one, or Eastern company, same that plays Pittsburgh, Cincinnati and all the big New York and Ohio cities.

Yours very truly,
ASKIN-SINGER CO.

"The Time, The Place and The Girl," which will be the attraction at the Auditorium theater on Wednesday evening was first produced in Chicago over three years ago, is still very much in the limelight, and should prove this season's most potent drawing card. This gem of musical play is the joint work of that prolific western trio—Adams, Hough and Howard—and by many it is considered their masterpiece. It comes to us with Chicago, New York, Boston and Philadelphia praises, and any attraction that can please the jaded theatergoers of those four cities of widely different tastes must have merit indeed.

"The Cow Puncher," Hal Reid's all-read famous work, is going to prove a pleasant surprise to patrons of the Auditorium theater this week. The production is given by a cast of exceptional merit. It pictures in unexaggerated style the real life of the West, with intense situations only once or twice bordering on the melodrama, while the love story running through it is delicately handled. Refined comedy runs through the piece and it is altogether an intensely fascinating drama.

An enthusiastic audience witnessed the motion picture show at the Auditorium theater Saturday evening. The illustrated songs were delightfully rendered by R. Tedrick who is in a class by himself. Prof. Smith's full orchestra as usual, pleased everyone Monday and Tuesday evenings there will be new and original motion pictures, up to date illustrated songs and all new music by the orchestra. Those who have attended the Auditorium motion picture shows have been more than pleased, and do not fail to return. The Auditorium theater is open every night in the week except Sunday, and when there are no big road shows there, the motion pictures and "illustrated songs" will hold the boards.

AN AMERICAN "PIERRE."

Edgar Selwyn, who appeared here at the Auditorium in "Pierre of the Plains," remarked the next morning to an Advocate man: "I guess we don't quite reach the public. They want a happy ending, so I guess we'll have to give it to them." And he will, sacrificing art for popular fancy. "Pierre of the Plains," in which Selwyn began his tour this season, is to be abandoned by him. It has been secured by A. H. Woods and will be produced by him in the better class of popular price houses of the Star and Havlin circuit. Woods will make a few changes in the play before sending it on tour. In the first place he will make Pierre an American, without a drop of Indian blood running through his veins. And in the second place Woods will maneuver to have the hero marry the girl. Having effected these details of drama he is convinced that the populace will hug the piece to its "heart of hearts."

Winston Churchill's popular novel of pure politics, "Mr. Crewe's Career," which is to be had in local libraries, has just been dramatized by Marion Fairfax and will be given its initial performance in Atlantic City on Christmas day. Fritz Williams and Tully Marshall will have the leading parts. The novel includes several of

Churchill's characters used in "Coniston."

A well pleased and highly appreciative audience witnessed Lem B. Parker's new American drama, "Married for Money," at the St. Clair theater last night. The name of the play suggests that it is a melo-drama, but this idea was dispelled soon after the rise of the curtain, much to the surprise of those present. The story deals with present day incidents and characters, and ranks with plays of "The Man of the Hour" and "Paid in Full" caliber. The incidents are taken from certain phases of our present day social and financial worlds and are cleverly constructed. —Greenburg, Pa., Review.

At the Auditorium theater Dec. 18.

This afternoon's matinee introduced an entirely new bill at the Orpheum theater, and it promises to be one of the best and most diversified of recent weeks. Flora Browning, the Girl with the Diamond Heels, in a singing, dancing and whirling act; the Musical Brennonns, novelty musical turn; Toro troupe of four Japs, in new and clever acrobatic and juggling stunts; and Senator Frank Bell in a monologue, constitute the

SENATOR FRANK BELL.
The original constable in "Way Down East," at the Orpheum.

bill from the circuit, and Manager Moore will round out the hour of amusement with a new illustrated song.

THE VASSAR GIRLS.

The Star Course number Wednesday night is a very attractive one. The eight girls composing the organization are said to be finished musicians. The Denver daily said of them, "Their concert is a departure from the beaten path." The Record-Herald of Chicago says of the Vassar Girls: "These talented and attractive young ladies exhibited unusual proficiency as instrumentalists and as vocalists. Their rendering of numbers on the saxophones, reeds and brass were marked by a unity of purpose, richness, sweetness of tone and quiet intelligence of expression."

GREAT SOUTHERN, COLUMBUS.

Sam S. and Lee Shubert, (Inc.) have the honor to introduce to the patrons of the Great Southern theater on Tuesday, December 22, Madame Mazimova, the great Russian actress, who through her presentations in the English language has come to be known as the greatest actress of our time. Madame Mazimova was known in Russia as the leading woman of the famous Orloff company, which was banished on account of the revolutionary tendency of its plays. She acquired a fondness for America that prompted her to remain here alone, and she performed the seemingly impossible task of learning the English language in six months.

One of the musical comedies which

One Rent

has proven its worth by entertaining Chicago for over a season, "Knight for a Day," will visit the Great Southern Wednesday and Thursday, December 23 and 24. This piece became the favorite in Chicago because it possessed the attractive proportion of up to date jokes, popular tunes, beautiful show girls and gorgeous scenery and costumes.

Not since the days when he was one of the noted stars in comic opera, has Francis Wilson, the popular comedian, scored so heavily as he has in Charles Harlow's extremely funny comedy, "When Knights Were Bold." Mr. Wilson is a thoroughly finished comedian and aside from his mirth provoking qualities he is a rare actor. At Great Southern Friday and Saturday, December 25 and 26.

For Monday, Tuesday, Thursday and Friday nights, with matinees daily, the Auditorium theater has secured the following special vaudeville attractions: The Dumont Novelty Trio, a sensational turn; The Bouviers, in a comedy sketch, and Ed Swiss in his high classed musical act. Prices 10 and 20 cents, with daily matinees at 10 cents.

DANDRUFF

An Easy Task to Cure It When You Know How.

There are three kinds of dandruff cures: Good dandruff cures. Bad dandruff cures. And plain liquid junk. The first is good to put on the head; the second is good to keep off the head; and the third is good to flush out the sewer. The owners of good dandruff cures say our remedy will cure you in two weeks or money back.

The owners of bad dandruff cures guarantee nothing, but spend their money howling fake at the good dandruff cures, which policy they consider is a clever method of enticing the shekels from the unwary. Parisian Sage is a good dandruff cure.

It is guaranteed by T. J. Evans to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

It kills the dandruff microbes, it promotes a new growth of hair, it makes hair soft and luxuriant, and is without doubt the most pleasant and invigorating hair dressing made today.

To every reader of the Advocate, both man and woman, we want to say these few words:

If you have tried other dandruff cures, hair restorers, and have failed to receive any benefit from them, don't give up hope, try Parisian Sage at our risk.

Evans' Drug Store will sell you a large bottle for 50 cents with a money back guarantee if it does not do as advertised.

Orders shipped by express all charges prepaid, at regular price, by Giroux Mfg. Co., Buffalo, N. Y.
